

Directions:					
<p>As a team, for each goal:</p> <p>Step 1: Review the <i>Findings/Visualizations</i> slides within the <i>Events 6-8</i> slide deck. These will need to be updated prior to each event.</p> <p>Step 2: Reflect on the <i>Now, Next, Need</i> questions noted in the slide deck.</p> <p>Step 3: Fill in the appropriate cells for <i>Event 8</i>.</p> <p>- Rate the overall status of the improvement strategy using one of the following: Strong - on track; At Risk - requires some refinement and/or support; or Needs Immediate Attention - requires immediate support</p> <p>- Identify specific Lessons Learned (Now), Next Steps and Needs</p> <p><i>Note: The rating you enter for Step 3 will automatically update the accompanying cell on the Master Tracker (tab 1).</i></p>					
School Goal					
By the next MAP math administration, increase the number of students at or above grade level Mean RIT from 26% to 30% and ELA from 24% to 28%					
Improvement Strategies	Intended Outcomes	Event 8: Status Check 3 (Insert Date)	Now (Lessons Learned)	Next (Next Steps)	Need
Implement a common Curriculum (enVision math) 6-8	All students will be more proficient in math standards presented through effective instruction using a common core curriculum that supports state standards	June 9.2022	We made 8% in math at the 7th and 8th grade levels. The data is showing that we need to be more targeted in our instruction in 6th math lab class where the number of students at level dropped by 3%	Plan for EnVisions PD for next year as the publisher didn't have it ready last fall when we implemented the program.	A schoolwide intervention program such as Iready in reading and math would help us target students individual needs.
Implement Achieve 3000 specially designed reading blocks	All students will be more proficient in ELA standards presented through effective instruction using a common core curriculum that supports state standards	June 9.2022	Testing at the end of the testing window yielded positive results. We saw gains in all ELA categories except for 6th grade Language Usage. In MAP testing we went from 24% to 34% of students at grade level Mean RIT.	We are looking forward to our ELA teachers have a year of experience under their belt! Development of a curriculum map will be the next step.	PD is needed on MAP assessments and using the data to drive instruction.
School Goal					
Each teacher will be given feedback regarding instructional practice NEPF standards by administration, mentors, and NNRPDP 3-4 times a month on our monthly focus (reading strategies, student conversation, questioning strategies etc.).					
Improvement Strategies	Intended Outcomes	Event 8: Status Check 3 (Insert Date)	Now (Lessons Learned)	Next (Next Steps)	Need
Our 7 probationary teachers will receive regular feed back in regards to their use of best practice in the classroom which will be focused on the NEPF teaching standards and student engagement. NNRPDP will work with new teachers on instructional practice and pacing.	Teachers will be more effective at delivering instruction and become more familiar with best practice for NEPF standards. They will develop a curriculum map to help buide them in planning and delivering instruction.	June 9.2022	We will continue with instructional coaching through NNRPDP and focus whole group PD on NEPF and best practice.	Administration will work with NNRPDP to put together a PD package for the 22-23 school year. We will continue to focus on implementation of the NEPF standards and best practice.	Time to develop curriculum maps. PD for teachers who have not been to Kagan Cooperative Learning.
School Goal					
We will increase community connectedness by implementing Talking Points which will provide a two-way communication platform between school staff and our parents. Our goal is to have 100% of parents signed up.					
Improvement Strategies	Intended Outcomes	Event 8: Status Check 3 (Insert Date)	Now (Lessons Learned)	Next (Next Steps)	Need
Increase interactions between school and families with a focus on positive interactions.	Parents will be more informed about school activities, their child's progress and behavior, increase ways to support their child's education at home.	June 9.2022	We are happy Covid restrictions have been lifted and parents can be welcomed into the building again! We've done a good job communicating with parents through Talking Points, but need to continue working on sending positive messages to parents.	Reinstating our Parent Academ for the 22-23 school year.	Strategies to get more parents involvement. Training for parents which will directly benefit students (example internet safety and social media protocols)
